Grease Trap \ Interceptor Operation and Maintenance

This form must be posted near the grease trap(s) and must be used to track maintenance of grease traps inside of the building. Proper maintenance can help reduce stoppages in your buildings plumbing and reduce plugs forming in main lines of the sewer collection system. Completion of this form will show your business's record of required maintenance for the equipment in service. Return this form to the Pretreatment Division at the address above every January.

Company Name: _____ **Site Address:** _____

Date Time	Maintenance Performed[1]	Quantity and Disposal Site[2]	Maintenance Performed By[3]	Signature of Responsible Party[4]

1 Please mark one of the following: Cleaned (Grease/oil Removal), Inspected, or Pumped by professional cleaner.
